

# Accelerated Automotive Service Technician

An **Automotive Service Technician** inspects, diagnoses, repairs, and services mechanical, electrical, and electronic systems and components of cars.

In this program, students complete the "Level One" portion of the in-school apprenticeship training for Automotive Service Technician at Mohawk College. The education and training opportunities are provided at home schools and at Mohawk College (Fennell Campus). Students will spend three days a week (Monday, Wednesday and Friday) at the workplace, and two days (Tuesday and Thursday) at Mohawk College completing the Level One Apprenticeship in-school training.

Students will receive Automotive Service Technician Apprenticeship training in an ultra modern facility at Mohawk College.

## ***Career as an Automotive Service Technician***

To qualify, YOU must:

- Be at least 17 years of age
- Have an interest in transportation technology
- Be in good academic standing
- Demonstrate strong work habits and a positive attitude
- Have a working knowledge of general mathematical principles
- Students must be registered apprentices before attending the AST accelerated program

A selection committee that includes industry partners may interview candidates. A limited number of spaces are available.

Program components include:

- Grade 12 students attend their home school for semester one for four classes
- Students will spend three days a week (Monday, Wednesday and Friday) at the workplace, and two days (Tuesday and Thursday) at Mohawk College completing the Level One Apprenticeship in-school training.
- Students will receive Automotive Service Technician Apprenticeship training in an ultra modern facility at Mohawk College.

Program Credits/Certification:

- Upon successfully completing the program, you will:
- Receive four coop credits in the work place and graduate from your home school
- Successfully complete the "Level One" Apprenticeship training for Automotive Service Technician with valuable work experience and extensive skills training

A Guidance Counsellor or Cooperative Education teacher must help you to complete an application form for the Accelerated Program and submit all required documents.

---

This program combines instruction at their home schools and Mohawk College and provides a Cooperative Education placement in the automotive repair and maintenance industry. It is offered in Semester two and is open to students in Grade 12 or in their 5th year of secondary school.
